

Branch Bucks Referral Program

Be a “Branch Super Fan” and benefit... We believe the most significant measurement of a customer’s satisfaction is when they recommend our programs to friends, family members, other businesses, or coworkers. To show our appreciation, we would like to compensate our customers for rewarding us! Branch Gymnastics & KidsSports USA has established a program that will reward you for your confidence in us, and your willingness to refer your friends and family to us.

How it Works

For every new customer you refer to us, you will receive a \$10 Branch Bucks credit on your account. There is no limit to the number of referrals you can receive! When you receive 10 referrals, you will earn an additional \$50 Branch Bucks credit for being a **“Branch Super Fan”**. Getting credit for a referral is easy! All you have to do is make sure that the referred customer provides us with your name at the time they register for enrollment. After you’re referred customer has enrolled by paying the current annual registration fee and their first month’s tuition, your account will receive the corresponding credit!

Terms and Conditions

The Branch Bucks Referral Program is applicable to all currently enrolled students. To be eligible for the referral credit, your name must be written in as a referring customer on their registration card at the time of enrollment. New and existing customers are not eligible for referral credits when referring themselves or other members of their immediate family. Referral credits are non-transferable and non-refundable, as they hold no cash value. There is no limit on the number of referral credits that can be earned. This program is effective March 1st, 2013.
